

Are you breathing easy?

- 40 million Americans have allergies
 - 17 million have asthma. Asthma is now the number one cause of school absence.
 - Millions more have emphysema and other breathing problems.

“Indoor air pollution—our number one environmental health concern.”

Environmental Protection Agency

AirSource Air Purification System

A unique answer to all four categories of indoor pollution:

- Biologicals
 - Gases
 - Odors
 - Particulates

*Superior Technology
for the best indoor air quality™*

AirSource® 3000 (covers 3000 sq. ft.)
